## **PDF PDF Essential English For Foreign Students Book 1 2 3 4 With Audio (2008)**

One of the most important aspects of technology in education is its ability to level the playing field for students. “ John King, U.S. Secretary of State One of the most important trends in the development of education today is the creation of conditions for equalizing its opportunities for various categories of children, including children with special educational needs. That is why, as part of the implementation of the National Project "Education" in Russia, a wide network of support centers for children with special educational needs is being actively created. Currently, there are about 600 correctional schools, classes and groups in the Russian Federation.
