

Power Electronics: Circuits, Devices, and Applications, 4th Edition. Mohammed Rashid (Author) Preface There is a typo somewhere in the book. I have a suspicion that it was formed due to the fact that the file was sent for sale in May last year, and may have been mistakenly submitted to one of the sites. In any case, be that as it may, there is a typo, and it must be corrected, since its presence in my books is unacceptable. There are no plans to reprint this book in its original form.
