
Simatic S7 CFC V8.0

Aug 21, 2017 CFC for SIMATIC S7 (V8.0). 18. Function Manual, 07/2015, A5E35970937-AA. CFC for SIMATIC S7 (V8.0). 17. CFC for SIMATIC S7 (V8.0). What's new? 2. Overview.get_file_stream(file_name): ""This is used to grab a file from the filesystem, return the bytes read. If the file doesn't exist, raise IOError. "" if not os.path.exists(file_name): raise IOError("File does not exist: %s" % file_name) f = open(file_name, 'rb') return f.read()

Q: QT - Cross compiling with mingw32 I try to compile a Qt-Project with mingw32 for a ARM/MIPS-target When I try to build it on my computer (x86_64, linux) it's work, but when I try to cross compile it fails. I have installed all necessary tools and the qmake command works. I followed the tutorial found here. So my environment looks like this:

```
[root@arm_dev_test ~]# uname -a Linux arm_dev_test 4.9.3-1003-gfef4e2e #1 SMP Sun Jan 7 23:34:33 EST 2016 armv7l [root@arm_dev_test ~]# qmake -v Using Qt version 4.8.7 in /usr/lib/i386-linux-gnu Using Qt version 4.8.7 in /usr/lib/i386-linux-gnu [root@arm_dev_test ~]# [root@arm_dev_test ~]# My bin file is named "mytest.bin" [root@arm_dev_test ~]# ls -la total 4344 drwxr-xr-x 2 root root 4096 Oct 18 21:55. drwxr-xr-x 4 root root 4096 Oct 18 21:
```
